First Tee of the Palm Beaches ("First Tee") is a program administered through the City of Lake Worth and the Palm Beach County Sheriff's Department. This is a national program designed to teach at-risk youth responsibility and respect while they are learning the game of golf and receiving law enforcement mentoring.

By teaching children the game of golf, "First Tee" provides after-school educational assistance and enhances character development. Begun as an initiative to create an affordable avenue for those not financially able to gain access to the game of golf, "First Tee" has become a leading organization throughout the United States. Kids' Dreams is funding \$10,000 for this program.
